

Public Art Policy Display and Donation

The purpose of this policy is to outline the policies and procedures by which the Lewiston City Library (Library) will accept donated or loaned art, or commission pieces for display.

Exhibitions of Art at the library promote cultural appreciation, increase visitation to the Library and further the Library's Mission *providing the people of Lewiston with free and open access to knowledge, ideas and information and to support them in their pursuit of learning*. The library's goal is to offer a fresh and current collection which will be achieved through regular rotation.

Art Committee:

The Lewiston City Library Board of Trustees will establish an Art Committee to oversee public art planning and decision-making. The purpose of the Art Committee is to provide guidance, leadership and support to the Lewiston City Library Board of Trustees in its goal to obtain a limited selection of high quality public art to be on display at the Lewiston Library.

Public art is defined as publicly accessible original art that enriches the library as it evokes meaning into the public realm. Public art takes a variety of forms and incorporates the site, and considers the context and the audience.

The committee will consist of citizens, art professionals, design professionals, and Library Board. The Library Director will provide administrative support to the committee. The Committee will be selected by the Library Director and one member of the Library Board of Trustees. The chairperson will be appointed by the Library Board to lead the committee. The individuals proposed as Art Committee members will be presented to the Library Board of Trustees for approval. Committee members will serve a two year rotating term, and may be appointed for two additional terms (6 consecutive years total). During the evaluation of application materials, the committee will meet as often as necessary. Additional advisory members may be included as needed for specific tasks.

Responsibilities of the Art Committee include:

- Determining sites to be used, including consideration of an entrance piece to the Library, to be used as an identifier.
- Prioritizing its tasks and projects to be accomplished.
- Establishing the commissioning process and overseeing the selection of artists
- Recommending acceptance of art work for the Library's collection to the Library Board.
- Establishing guidelines and procedures for temporary exhibits and displays.
- Determining the methods for implementing projects. The Art Committee will identify project objectives, criteria, geographic restrictions for eligibility, budgets, timelines, etc., and will recommend to the Board of Trustees any resources needed, including the hiring of consultants or funds for art procurement.
- Recommending policy revisions to the Board of Trustees.
- Determining the need for and role of volunteers and consultants in specific projects.
- Providing a report to the Board of Trustees documenting the selection of works and upcoming exhibits.

SOLICITATIONS/COMMISSIONS

Acceptance of Artwork commissioned or purchased into the permanent Collection:

Artwork commissioned or purchased for inclusion in the Library's Art Collection shall be made formally through an established review procedure overseen by the Art Committee, and will subject to final approval by the Library Board.

In the selection of artists and artwork, goals include:

- Creating a positive learning experience
- Maximizing the use of artists in the community (as resources);
- Encouraging repeat viewings;
- Using regional and national talent;
- Presenting a unified design which employs the principles of economy
- Using permanent and temporary art;
- Addressing interior and exterior exhibiting spaces;
- Ensuring durability, low maintenance, and code compliance;
- Minimizing financial impact of Lewiston City Library for maintenance, upkeep, or staff time;
- Ensuring sensitivity to the site and the architecture of Lewiston City Library;
- Appealing and appropriate for all ages;
- Responding to all goals and objectives for the project; and
- Ensuring high artistic quality and craftsmanship.

Accessioning is a formal process whereby artwork is accepted by the Lewiston Library and a permanent archival file and database record is created to document the artwork disposition, terms of its creation, and artist's statement and intent. Accessioning artwork into the Lewiston Library art collection implies the application of professional standards of care, display and maintenance of the artwork.

Artworks will be accessioned into the Lewiston Library art collection only upon completion of all facets of the commissioning or purchasing contract.

The Artist's signed contract transferring title for the artwork and clearly defining the rights and responsibilities of all parties will accompany every acquisition.

Acquisitions result from the projects of the Art Committee, except in the case of gifts, which will be reviewed and accessioned in accordance with the policy on gifts. In the instance of art accepted that requires high maintenance, an additional gift of funds for maintenance may be required.

Artists and Artwork Selection:

When commissioning a piece of artwork, artists shall be selected to participate through one of the following ways:

1. Open Competition: The Art Committee may solicit through public advertisement requests for artists' slides, resume and letters of interest. The panel will review submittals and choose an artist that meets the Art Committee's requirements.

2. Invitational or Limited Competition: The Art Committee may invite a limited number of artists to submit applications or prepare proposals. From this limited pool, the Art Committee may choose an artist based upon established criteria that are relevant and unique to each project.
3. Direct Selection: The Art Committee may recommend a specific artist who will be invited to submit a proposal for a specific site for their review. Upon acceptance of the proposal the artist is commissioned for the project.
4. Artist Rosters: Because some projects require specialized skills, experience or technical abilities, the Art Committee may recommend that an artist(s) be chosen from established, juried rosters.
5. Unsolicited proposals: members of the Art Committee are always open to learning about artists and their work, however, unsolicited submissions from artists will only be given consideration if they are proposed gifts to the Library per guidelines in section (Gifts of Artwork).

Conflict of Interest:

The following individual(s) may not apply for paid artwork commissions: employees of the Lewiston City Library, Trustees of the Lewiston City Library, members of the Art Committee; or spouses, domestic partners, or immediate family of the above.

DONATIONS

Gifts of Artwork:

The Lewiston City Library may receive offers of artwork for the public art collection. The potential donor shall make a proposal that will be presented to the Art Committee. Members of the Art Committee may voluntarily recuse themselves if a Conflict of Interest exists regarding gifts. In considering acceptance of works of art the Art Committee will utilize the following criteria:

- Does the work further the overall identity of the facility and enhance the existing collection?
- Is the work of high quality?
- Is the work durable?
- Does the gift include a maintenance endowment, and provisions for lighting, security and insurance?
- Is there an appropriate location site available for the work?
- Is the offer of donation adequately documented? (as outlined below)
- Is the gift safe for public display?; and
- Are all legal issues addressed, including but not limited to the ability of the current legal owner to deliver unrestricted clear legal title together with all applicable copyrights, patents or other title rights in or to the item(s) without any limitations or conditions on the Library's ownership and the time and costs required to acquire the item(s)?

In some cases, the Art Committee may elect to accept a gift for a specified loan period and thus it will not be formally accessioned. The following considerations will be made concerning the acceptance of loaned item(s):

- The condition of the item(s) and possibilities for damage to the item(s) to be loaned;
- The capabilities of the Library to handle, house and care for the loaned item(s);
- The agreement of the owner to bear the costs of the loan;
- The ability of the Library to obtain adequate insurance coverage for the loaned item(s) and agreement of the owner to bear the cost of insurance coverage;
- The time period and conditions of the loan.

Public Art Policy Display and Donation

The Art Committee has the right to determine what item(s) offered to it for public display will be accepted, displayed or maintained by the Library subject to final approval by the Library Board. Removal of Artwork from the Collection:

- The artwork has been stolen
- The Library wishes to replace the artwork with a work of more significance or appropriateness by the same artist.
- The artwork was purchased as a semi-permanent acquisition and the Library's predetermined period of obligation is terminated.

Resitting Artworks

The Library reserves the right to relocate or put in storage works of art without the written permission of the artist. The library's goal is to offer a fresh and current collection which will be achieved through regular rotation.

If a piece of artwork was commissioned and created for a specific site, the artist will be notified of the Library Art Committee's decision to relocate the piece. If the alteration, modification or relocation should occur with the objection of the artist, the work will no longer be represented as the work of the Artist, if the artist should make such a request in writing.
